

# Electrical Permits

Alcoa Electric will install electric service only after a satisfactory inspection has been performed by an authorized representative of the [Department of Commerce and Insurance](#), State of Tennessee.

Application for such electrical inspections may be made at the [City of Alcoa Municipal Building](#). However, such inspections or failure to inspect or reject shall not render the City of Alcoa liable or responsible for any loss incurred or for property damages resulting from defects in the installation, wiring, or appliances, or from violation of Alcoa or other government rules, or from accidents which may occur upon customer's premises.

## How to Obtain an Electrical Permit from the City of Alcoa

You must be a licensed electrician with proof of license card or a homeowner. If you do not know the service size or type of inspection you need for your project, please call Don Richesin at (865) 983-5493\*. Once you determine the necessary permits you need to purchase, you must come to the [City of Alcoa Municipal Building](#) Monday through Friday from 8:00 am to 4:30 pm to obtain your permit.
